Christian Mortalism is a Communist stance. Richard Overton, the Puritan Leveller, wrote both "Man's Mortality" & "Monopolists as Frogs and Vermin" -- two pamphlets worth reading.

Communism literally emerges from Radical Protestantism, not "mainline Protestantism" or "National Protestantism"-- it comes, historically, as Engels himself even recognized in the Peasant Rebellions in Germany-- from radical evangelical pietists who interpreted the texts literally & understood their vocation to be imitation of christ & the apostles to the degree of establishing biblical/apostolic communism in a literal material sense.

This is one of the most neglected fields of Christianity when it comes to LARPer, for good reason, because you can't LARP as a Puritan Radical by appealing to the roman mysticism of stoic ataraxia-- it's a faith that is actually "all or nothing" -- not "observing rituals" but actively warring against the Antichrist.

The "Institutional Churches" don't respect this form of "Christian Enthusiasm" because it doesn't terminate in merely "setting up & running an NGO in perpetuity" -- most of these projects are completely annihilated-- the Levellers, like Engels described Thomas Müntzer, failed to establish their revolution into perpetuity, because they were crushed. The

Cathars, the Hussites, many such cases. These are the seeds of Christianity that perish but give forth much fruit. They were so ahead of their own times that they are only appreciated centuries in retrospect.

Don't confuse me for a "Mainline Church" type of guy. I don't care about Anglicanism or Presbyterianism or the Swedish National Church. They all reproduce the same issues that Catholicism does. They become instruments of Wordly power. I think the people who read the Bible for themselves & conclude that the world is governed by a Satanic Conspiracy & that the Vatican is the seat of the Antichrist & have shelves full of histories of Jesuit Psyops are correct.

Actually the other day at the grocery store the fish guy asked me about my Buc-ee's shirt & we talked about Texas. He said that he was a Christian but that he didn't recognize Christianity in the church he went to in Texas. I asked "What denomination were they?" He said: "False Prophet" -- nuff said.

Most of this has to do with the interpretation of Revelation-- it's probably the corner stone for deciphering the Bible (& history since Christ if you believe in it). Most institutional churches have a hermeneutic which relegates Revelation to a trivial place in the Bible. The corruption of American Evangelicism in the 20th century by Scofield's hermeneutic of revelation is a complete travesty which I lament daily. All that shit about "The Rapture" is the basis of their Zionism-- & it really comes from aristocratic "Anglo-Israelism" which itself predated Zionism.

Actually abandoning the KJV 1611 was the worst thing that happened in America. The Scofield Reference Bible is a world historical travesty. I lament it daily. It's the reason why people hate "American Protestants" -- it basically standardized the open tradition of prophesy that America had inherited from the Puritans. There became "the official understanding of revelation" & it demanded the establishment of the Zionist State. Adventists, for instance, never adopted the Scofield Reference Bible. Adventists still read the KJV 1611.

So I can't really claim "American Evangelical" because I'm not a Zionist "Anglo-Israelite" -- I don't know what to call myself other than a Christian. Nuff said.

One thing to note @DonnieDarkened & MAGA Communists have a similar dialectical interpretation of Trump as a phenomenon in America.

Both predict Trump being used as a vehicle to establish an "Antichrist Empire" under the guise of a "Great Awakening" -- Haz might describe this as "Racist Liberalism" -- but this really just means "Anglo-Israelism"-- a sort of "New Age" Neoconservatism projecting itself as "Defender of the West" (ie: the Dragon of Roman Empire)-- understood Biblically, "The West" is not "Christendom" but the "Great Satan" -- Gog & Magog are London's votive giants, not Eurasian powers as the Scofield Reference Bible (that George W Bush cited) claimed. "Post-Woke Intersectional Western Chauvinism" -- Anti-Zionists are Anti-Semites, & according to Scofield, "For a nation to commit the sin of anti-Semitism brings inevitable judgement." —The New Scofield Study Bible.

I have always said that most of the false doctrine in MAGA in terms of economics comes from a false interpretation of the Bible.

We are about to witness the most significant events in human history soon.

And it’s all leading up to the rise of Satan’s false light revolution of humanity.

The current order will fall, and from its ashes the beast kingdom will rise as the world’s “salvation and liberation.”

It's funny because the explicitly anti-semitic "tradcats" are actually just represented by JD Vance-- who is a consummate Zionist & catholic convert. I argued with one of these yesterday-- they don't even care about Israel in particular, Israel is just "a battleship in the West's fleet" -- but Anti-Zionism is Hate Speech Bigot.

@DonnieDarkened "Only Browns are Anti-Zionist" -- they say. The White, err, Anglo-Israelite dominions of Gog & Magog are the Chosen People of God. If you don't support Israel it's because you're brown & also jewish.

@DonnieDarkened Enter ye in at the strait gate: for wide is the gate, and broad is the way, that leadeth to destruction, and many there be which go in thereat: because strait is the gate, and narrow is the way, which leadeth unto life, and few there be that find it.

In in Hualien County a private 6ha butterfly reserve is being used to also grow indigo plants, which were a major cash crop until about a century ago. Underneath the trees indigo plants provide food and shelter for the butterflies: excess indigo leaves are harvested and sold.

All that the Western Left has accomplished is making Neo-Nazism more socially acceptable than Stalinism. It's pretty wild how in the year 2024 it's more controversial to defend Stalin than Hitler.

This wasn't always the case, & there was an "Old Left" that was Stalinist, but the "New Left" completely destroyed the Old Left in tandem with the imperial deep state. I mean, Stalin used to be Uncle Joe, our ally-- but that's a story the Jedi won't teach you.

You can find more communities formed around esoteric hitlerism in the West than Stalinism or "esoteric Stalinism" or whatever. There's extremely popular alt-media narratives that rely on esoteric hitlerism-- "The Bolsheviks were Jewish" etc-- especially on X.

I'm not celebrating it, I'm describing why America can dominate Europe as it does despite (ie: because of) its population being lumpenized in this manner. I would prefer an American Civilization, but that's only an Idea at present.

Europe is no better, the elite of Europe are the most “Americanized” & enjoy their satanic liberties with the backing of American power— they love American backed tax shelters & American drugs &c.

The distinction is rather that Europeans can dissociate from this reality by considering America “lesser” than Europe because it has more welfare statism. “You poor Americans” they say— but their welfare state is propped up by the lumpen aristocracy of America.

"All classes of society not composed of actual and immediate producers of wealth (and these, in England at least, are almost exclusively wages-laborers), all classes, from kings and queens to music-masters and greengrocers, live upon their respective shares of this surplus-value. In other words, they live upon the net produce of the surplus labor which the capitalist extracts from his workpeople, but for which he does not pay. It matters not whether the share of surplus-labor falling to each member of society not actually a producer is granted as a gift by Act of Parliament from the public revenue, or whether it has to be earned by performing some function not actually productive. There is no other fund out of which they can be paid, but the sum total of the surplus value created by the immediate producers, for which they are not paid." -Eleanor Marx

Now, what does Eleanor Marx mean by "immediate producers" rather than merely saying "all those who sell their labor power as a commodity" -- perhaps it has something to do with the distinction between "immediate producers" & "all classes" which include

Monomoniactal Reductionism: "Everything is merely one thing" Dualistic Schizophrenia: "Everything is two opposing things" Trinitarian Regeneration: "Everything is two things perpetually begetting a third thing" Quaternian Eden: "Everything is eternally suspended in a paradoxical balance of infinite contradiction"

"Stuff" "Good Stuff / Bad Stuff" "Good Stuff / Bad Stuff / & Stuff" "Good (Good) Stuff [Good] / Bad (Good) Stuff [Corrupt] / Good (Bad) Stuff [Redeemable] / Bad (Bad) Stuff [Evil]"

The Trinitarian view still posits that there is just neutral "stuff" that is in the process of becoming good or bad-- this is the "normie" christian cosmology, in which there's Heaven, Hell, & "the in between" -- but in the more enlightened esoteric christian hermeneutic, there is more of a recognition of particular states, such as corruption & redemption, the mirror reflections (fearful

It's really funny how in the West, the "communists" immediately jump into visions of cosmic empires, the unification of a globe into a single world government is taken for granted, since the British Empire in the 19th century seemed to them to be the inevitable hegemon over the Globe-- but this tradition of thought is considered more or less "grounded in reality" as opposed to the humble 5 Year Plans of Eastern Communists, who in many ways refuse to describe what "the end state of Communism" even is, because their focus is solely upon their immediate conditions, & the horizons of the class war in that immediate moment.

In the early 20th century, the United Nations was built by Anglo Global Hegemony, & even the Eastern Communists agreed to partake in this dispensation-- but they ultimately turned the UN against Anglo Global Hegemony by this point in the 21st century, which is why there's a growing movement toward openly exiting the United Nations within the Anglosphere-- if the US didn't have super veto privileges in the Security Council & a tacit agreement that it does not have to adhere to any motions passed by the UN, it wouldn't be

It's good that the Chinese got their hands on Marx, so that they can do the ideas justice, because they have never been a "moralistic" or "moralizing" society-- rather, they've always been metaphysical pragmatists, having created the preconditions for western science in Taoist Alchemy millennia ago.

Most of the "right wing" critiques of "Marxism" are correct simply because "Western Marxists" are petite bourgeois clerks & priests who derive their livelihood from rent-extraction by upholding a pretense to "moral concern" -- the Chinese Communist is not a moralist.

Moralism "feels right" -- but is actually unintuitive & incorrect. A moralist becomes a vegan, which is an asinine sort of behavior. Jesus Christ was not a moralist, which is why he was killed by the moralizing Pharisees. Jesus forgave sin. This is intolerable to
