Democrat Corruption Strikes Again. They treat the rest of us like their cattle. And their own, can get away with almost anything. The Democrats used his company to funnel money to them while ripping off investors. So now they protect him. See below this fast clip...

**BREAKING:** The Department of 'Justice' has dropped the campaign finance charge against crypto scammer Sam Bankman-Fried. Get close with the Washington Uniparty and they will protect you every time. Re: *United States v. Samuel Bankman-Fried*, S5 22 Cr. 673 (LAK)

Dear Judge Kaplan:

The Government respectfully submits this letter to provide the Court with an update regarding Count Eight of the original Indictment, which corresponds to Count Twelve of the S5 Superseding Indictment (Dkt. 115), and which charges the defendant with conspiracy to make unlawful campaign contributions. On June 27, 2023, the Court denied the Defendant's motion to dismiss this count on rule of specialty grounds, noting that the defendant lacks standing to assert the rule of specialty. (Dkt. 167, at 12). In opposing the defendant's motion, the Government informed the Court that the United States had sought clarification from The Bahamas regarding whether this count was included in the defendant's extradition. The Court directed the parties to keep the Court informed of the status of the Government's request for clarification. (*Id.*)

The Government has been informed that The Bahamas notified the United States earlier today that The Bahamas did not intend to extradite the defendant on the campaign contributions count. Accordingly, in keeping with its treaty obligations to The Bahamas, the Government does not intend to proceed to trial on the campaign contributions count.

Respectfully submitted,

DAMIAN WILLIAMS  
United States Attorney

This has massive ramifications for: — Gabe Bankman-Fried, who led SBF's political operation and now seems unlikely to face charges — Ryan Salame, the GOP donor prosecutors have been encircling — Maybe Nishad Singh, but he already pled guilty to campaign-finance violations. SBF essentially got off on a technicality. SBF was extradited in December from the Bahamas to the US to face a set of specific

charges. The Feds believed that included campaign finance charges. SBF challenged that, and the Bahamas just agreed with him — so the Feds dropped it. – Teddy Schleifer

## A little background on Democrat corruption and FTX

*The DOJ needs to be defunded and Merrick Garland impeached. Sam Bankman-Fried broke campaign finance laws by donating to Democrats like Biden using money stolen from clients. SBF also laundered money from Ukraine and sent it to the US. DOJ dropping charges is pure corruption. Paul A. Szypula*
