

## IS SNOWDEN'S LATEST LEAK ABOUT ALIENS CONTROLLING THE USA?

The Iranian press published a startling story about a shadow government of "Tall White Aliens" that has been controlling America since Nazi Germany, at least according to documents leaked by Edward Snowden and shared with [Russia's Federal Security Service](#) and [Paul Hellyer](#), former Canadian defense minister and advocate for ET disclosure. All of this was surprisingly and quietly reported by mainstream outlets ranging from [NPR](#) to [Forbes](#).

Most outlets took the story apart and shredded it. No single outlet is giving the whole story, however, so here we go... *TUS to the rescue!*

The origin of this juicy conspiracy theory is the site [WhatDoesItMean.com](#); The Iranian news outfit [FARS](#) merely rewired the story. They then provided compelling context around it, including [Paul Hellyer's TV appearance for Russia Today](#) a few weeks before the story broke. This context is something the Western media refuses to share with their readers.

Canadian Defense Minister Discusses Aliens in the US

FARS, like any international news organization, might very well be prone to fancy and is no more reliable than CNN or YouTube. However, FARS has *at least* been transparent about its (lack of) sources. After all, the FSB report where all of these revelations come from is nowhere to be found... *kind of important, eh?*

Here's the gist of this Tall White Alien tale:

***Of the many explosive revelations in this FSB report, the one most concerning to Russian authorities are the Snowden's documents "confirming" that the "Tall Whites" (further revealed by Defense Minister Hellyer as noted above) are the same extraterrestrial alien race behind the stunning rise of Nazi Germany during the 1930's.***

*In just one example of the many outlined in this FSB report, it shows that with this "alien assistance," at the end of the 1930's, when Nazi Germany possessed just 57 submarines, over the four years of World War II it built 1,163 modern technologically advanced submarines at its dockyards and even put them into operation.*

***Snowden's documents further confirm, this report says, the "Tall Whites" (Nordic) meetings in 1954 with US President Dwight D. Eisenhower where the "secret regime" currently ruling over America was established.***

*Most disturbingly, this FSB report warns, is that the "Tall White" agenda being implemented by the "secret regime" ruling the United States calls for the creation of a global electronic surveillance system meant to hide all true information about their presence here on earth as **they enter into what one of Snowden's documents calls the "final phase" of their end plan for total assimilation and world rule.***

As insane as this conspiracy theory sounds, it is not anything terribly new or alarming to those who traverse sites like TUS. **WhatDoesItMean.com might be full of bull, but what they've done here is boil all the wacky and Rabbit Hole-ridden conspiracy theories out there on the Internet into one heck of an epic.**

Folks who've given serious thought to UFOs often end up here: [UFOs are real and there's a shadow government that doesn't want you to know about them](#). Moreso, those who go the extra mile and compare *all* the decades-old conspiracy theories that have held up over the years, find that they all lead to the same place: **a secret agenda for a one world government, which might be achieved by alien intervention, hoaxed or real.** There have even been [leaked documents](#) detailing a United Nations effort to disclose ET presence to the world in the 21st century.

Some, in particular those behind [the Disclosure Project](#), feel this cover up might *also* have to do with hiding free energy from the scientific establishment and public.

Then there's the other end of the spectrum that 100% agree the US has been actively interested in and possibly

When there's the piles and piles of evidence that 100% prove [the US has been actively interested in and covering up the UFO phenomenon](#) for decades. So, what are we to make of this? **Is Disclosure happening?** Are all the news stories boasting about [the large probability of life on other planets](#), increased UFO sightings, and whistle blowing about to come full circle? Are our reactions to these stories being tested?

If Disclosure were to happen, this is how it would happen... CNN's not going to report Snowden's latest leaks! So we'll *have* to rely on dubious outlets like WhatDoesItMean.com and foreign press like FARS to keep tabs.

So far, this story has a pinky toe - not quite full fledged legs - to stand on. Hopefully FSB, Hellyer, or other foreign press will reveal more soon.

Alas, here's video of Paul Hellyer's December 30th appearance on Russia Today ([read transcript at bottom of FARS article](#)), which does not verify Snowden's leaks, but does have curious timing. FARS is jumping to the dramatic conclusion that Hellyer is confirming the FSB report by going on TV, but that's not quite what he does... he simply rehashes his opinion and how he got to it:
