We cannot expect the war against the Zionists to be fought alone, if the forces of arrogance are to be defeated.

The global resistance must join forces if the NATO-Zionist Satan is to be defeated.

From Palestine to Donbass, from China to Occupied Korea, from Venezuela to Yemen,

From Canada's truckers to Germany's farmers and America's workers, all the forces of mankind resisting the global hegemony must come together.

A single alliance of the righteous forces of mankind, the forces of historical civilization, against the global and hegemonic capitalist class.

There can be no division in the ranks of the resistance. Shia must join forces with Sunni. Muslim with Christian. Russian with Chinese. All the petty divisions of mankind must be swept aside as the true division is laid bare:

Between the exploiters and the exploited, between forces of civilization and forces of cannibalism, forces of history and forces of nihilism, the forces of human development and the forces of human annihilation.

We will witness the toppling of the Empire of Lies within our lifetime!

The Good Guys Are Winning.
